ABOUT US

Innovation Gaming Device Lab

Since 2011, TMD Technology has been dedicated to delivering reliable industrial display and touch solutions to various industries, including gaming, amusement, signage, medical, and interactive whiteboards.

Our team is committed to providing innovative, cutting-edge technologies that meet our customers' diverse needs.

We specialize in LCD and AMOLED displays, offering advanced customization options such as curved screens, high brightness, transparent panels, 3D functionality, and integrated LED lighting. Our P-CAP and IR touchscreens support multi-touch capabilities with high-speed response, ensuring seamless performance across a wide range of applications.

We firmly believe that pairing A-level technology with an A-level supply chain is the key to delivering products that exceed AA-level standards for our customers.
